Established
in 2009

We are a resin manufacturer and aggregate processor that supplies resin bound kits.

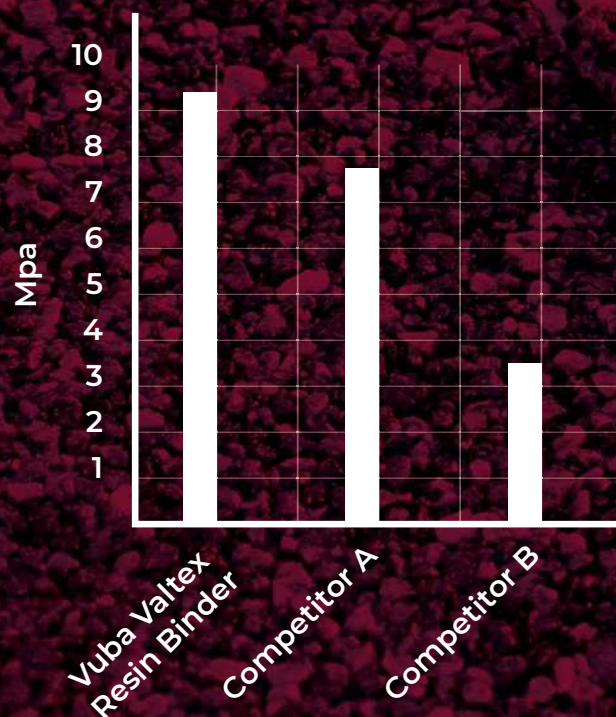

We carry out thorough independent testing on all key physical properties which contribute to the longevity of resin bound surfacing.

Our industry leading Valtex resin binder is tested in accordance with ISO 527-2, ISO 604 and ISO 176.

Average Tensile Strength (Mpa)

Each sample was prepared and tested using Element Materials Technology by Hitchin Limited, in accordance with international quality standards. Full report available upon request.
